Yesterday was perfect shooting weather at Tri-County! Probably perfect for many other activities which might have influenced some of our regular shooters to go elsewhere for the day so we only had 12 participants for the regional.

Nevertheless, it was a great day at the range and we still managed (barely) to come up with enough 22EIC and Distinguished Revolver shooters to hold those matches. Unfortunately, no one managed a score above the 260 minimum required for 22EIC so CMP will not be awarding leg points. Craig won the DR match with a 259-2x and should get some DR leg points. Congratulations Craig!! Scores are attached.

The 2700 was won by Ironman John with a 2519-68x, maybe the rest of us need to reconsider those antique iron sights, apparently, they work pretty well! Big congratulations to John for another fine performance at the range. Bev, Mel and Chris were within the next 38 point spread so we definitely had an "A" team among us yesterday. Congratulations to all of our top 4 on some very respectable Precision Pistol scores.

Next month will be the State Championship and our last outdoor match of the year so I am hoping to see a few more of you there and hoping we get one more day of decent weather to close out the season.
