

Happy midsummer match! If you made it out in the sweltering heat, you are tougher than I am!

One piece of breaking news, see the OSSA team report from Roy at Perry below.

OSSA looks like 6th in the civilian team category! Be sure to look to the right.

Oglethorpe Trophy (Civilian Teams)	<a href="#">all results</a>	NCRPA - Cecil Rhodes	1,085 - 21

Also make one think twice about pulling any jobs in Michigan.

OK, match results attached of course and somewhat surprisingly Mel did not take the top spot for once, I guess everyone has a bad day once in a while, maybe a gun problem too. Mel's 22 rapd was pretty far off of normal so something was up at least for that one string. He still turned in a nice 2385-45x second only to Craig's 2475-53x for the win. Congratulations Craig!!

The Reeves match was pretty light so everybody that shot at least got on the podium. Craig apparently thrives in the heat because he won the Reeves match with 261-5x ahead of Dave at 252-4x. OK, there was noone to take 3rd.

I had a great team filling in for me yesterday and it sounds like it was a great match despite the weather! A big thank you to Mike for being the responsible adult and Dick for a great job calling the match.

Just to be clear I am also impressed by the TCGC team because when I needed someone to cover the match I sent a note to 5 guys and ended up with a lot more help than than we needed, not to mention the background support from Jim, Bob, Mike and Adam that makes cardboard for targets, pretty scorecards, winter league and solid high precision target frames available for all of our matches. OK, stable target frames, maybe words like solid and precision are a little too much to expect for items that catch dozens of rounds of fire during match days. Well above adequate in my opinion.

I will miss the August match too, but I am confident in the TCGC guys to handle it just like this time. See you in September.
