

The CMP is bringing the Show on the Road

The Civilian Marksmanship Program has started a program to conduct the Small Arms Firing School at local clubs. This is the same school that is taught annually during the National Matches at Camp Perry, Ohio by the Army Marksmanship Unit Rifle Team.

Douglas Ridge Rifle Club is the first club west of Colorado to be chosen to host this event. The DRRC event is scheduled for June 8 & 9, 2019. This school is **open to anyone** who would like to improve their rifle skills. Space will be limited and all registration will be conducted by the CMP through their website. The CMP will open the registration after the beginning of 2019. Watch for additional information.
